She feels that giving away her freedom for another person just isn't worth it; instead she chooses to be single and dance in the streets of Mumbai to make a living for herself. After a couple of years, Riya runs into George who is now a successful business man and she tries to stay away from him. However, her love for dancing has attracted many people including George who invites her to star in an upcoming dance reality show. After Riya accepts she realizes there are other dancers that will try to steal her spotlight; this makes Riya nervous about the reality show because she feels that its not just her dancing skills but popularity which brings in ratings.
